## MEDICARE ADVOCATE PROGRAM

KIAA's Medicare Advocate Program (MAP) is designed to help employees with Medicare. If you are or will be turning 65 and still actively working, or if you are planning to retire, let MAP help you plan for your future health insurance needs.

There is NO cost for this service and is bought to you by a partnership between KIAA, HMSA, and Premier Benefit Consultants. If you want to know more or need assistance with enrolling into Medicare, contact Leilani Soliven.
